Company - The Souled Store

3 Innovations -

1. D2C pop culture merchandise platform

   Built India's first dedicated D2C brand for licensed fandom merchandise like superhero, band, and movie tees at affordable price points. No equivalent existed in the organised Indian retail market at the time.

2. Own offline retail stores

   Expanded from a pure online-only model into company-owned physical stores across metro cities. Allowed customers to experience product quality before purchase, a trust-building move for a brand built entirely online.

   Type: Distribution

   Mode: Linear

   Ocean: Red Ocean

3. In-house design + creator IP collaborations

   Moved beyond licensed IP (Marvel, DC) into original designs, artist collaborations, and creator-exclusive drops. Reduced dependence on costly international licences and built a proprietary design catalogue that competitors cannot copy directly.
